TOURISM AND HOSPITALITY – WE'VE GOT IT COVERED

It's no secret that leisure based businesses operating in East Africa have not always had the best insurance deals. Inflexible underwriting, fluctuating premiums and a low appetite for risk are just some of the reasons that have made finding the right cover a minefield.

This is something we always wanted to change. And that's why we've gone to great lengths and teamed up with ICEA Lion General Insurance Co. Ltd., one of the most reputable regional insurers, to offer a comprehensive and competitively-priced policy – that's only available exclusively through us.

This means you no longer need to buy all the different elements of insurance from a raft of insurers - our policy offers a genuine and convenient one-stop-shop. What's more, because we have covered all basic activities as standard and any additional elements as optional extras - it means you only pay for the cover your business needs.

- Full all risks cover - in situ, in storage or in transit around East Africa.
